※Book promotional video of Age of Fire by Kerrie Droban garnered the attention of National Geographic.

## Testimonials:

"I recommend Firebird Web Designs to *everyone* I know!" -  
-Ronnie Armstrong Strategic Training Solutions

"Something you did caused something exciting to happen on my website! A business contacted me about selling my bar-b-cue sauce in their store. They found it online and the only way they found it online was because of the website optimization you did for me. I am so excited and thanks so much!"

-Ron Miller
